

# APPROVED LABORATORY COATS

## Laboratory Coats:

- Are made with a tightly woven material to slow the spread and penetration of contamination to your personal clothing or skin.
- Minimize contamination of clothes and skin from contaminated surfaces.
- Are designed to be quickly removed in the event of a spill or splash.

## Always:

- Wear a laboratory coat when you are working in the laboratory.
- Wear your laboratory coat fully closed.
- Remove your laboratory coat when finished working in the laboratory (e.g., going to lunch, meetings).

## Approved Laboratory Coats

### Unisex Standard Lab Coat

Sizes XS-3XL Fashion Seal # 2194

### Unisex Standard Lab Coat with Cuffs

Sizes XS-3XL Fashion Seal # 2215

## Unitex Textile Services

- WCMC Purchasing has established a service agreement with Unitex Textile Services.
- Lab coats are tagged and bar-coded to identify ownership, increase auditing efficiencies, and reduce lost or missing garments.
- To order Lab coats: [http://weill.cornell.edu/ehs/safety/laboratory\\_coats.html](http://weill.cornell.edu/ehs/safety/laboratory_coats.html).
